### A12 Planned Closure Update

#### Progress Update

We're writing to update you about our final phase of work on the A12 between junction 25 Marks Tey and junction 26 Stanway.

As we complete our final activities and work towards completion of the project, we wanted to make you aware that we have made some changes to our planned overnight road closures on both southbound and northbound carriageways.

#### Updated planned road closure dates to completion of the project

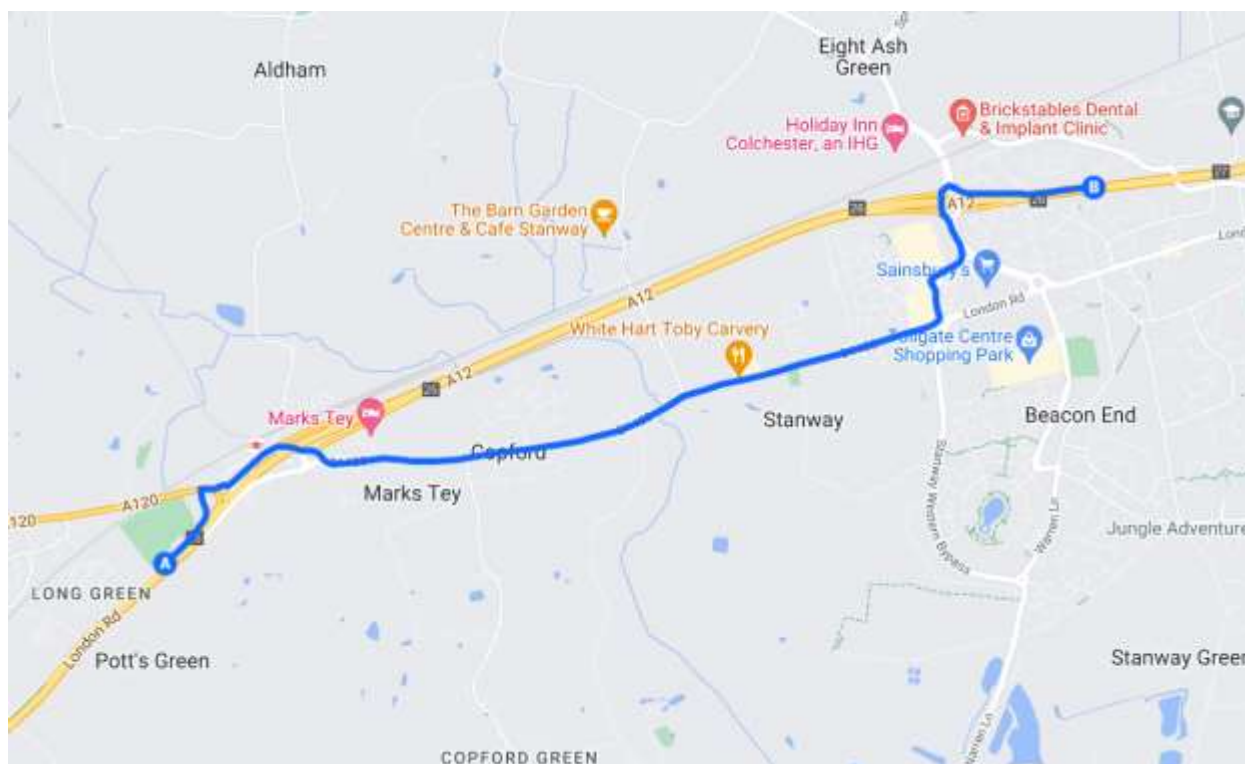

A list of our closure dates, which are subject to weather and progress, are listed in the table below:
