<p><b>081/2025 Public Open Forum (Maximum 15 minutes)</b> Publicity on skip lorry attending Aldham on 17<sup>th</sup>. May. Can it be inserted into the Grapevine and into notice boards? A bus update was given by Anne Fulcher. There are no buses at 9.10am Monday to Friday. The first bus is 9.40am. Cllr M. Lambert to investigate from First Bus. Can the hedges in Tey Road be cut back? 3 landowners have been written to but no action as yet. Owner in Green Lane has trimmed the hedges by hand. A further letter to be sent to landowners. Another hedge in Brook Road requires attention. Pylons:</p>	M. Lambert  Clerk

Penny Lang summarised article that will be in the Summer Grapevine. Latest consultation is prone to serious legal challenge. 400 people have responded to previous consultation, citing numerous reasons as to why the consultation is flawed.

A further report was commissioned by National Grid based on outdated data which they continue to pick and choose, depending on audience. CEO of National Grid is resigning later in the year. Reform UK are very anti-pylons, awaiting to see how this affects proposals in Lincolnshire. All Party Parliamentary Group is calling for evidence into pylons across the UK.

**082/2025 Visitors Report** (CCC Dennis Willetts / CCC Sara Naylor / ECC Lewis Barber)

Cllr D. Willetts spoke about efforts to tempt a cinema operator into the Council's Northern Gateway scheme. CCC spending a lot of time regarding devolution and mayoral election. Colchester will be in with another 4 Councils. It is paramount that the Local Plan is agreed to protect local residents. However, the Local Plan Committee have deferred a decision to move forward until there is greater certainty over the infrastructure needed to support new growth and how we can catch up on the deficit from previous years

Cllr S. Naylor informed the meeting that a Local Plan meeting on Wednesday 7<sup>th</sup> May at 6pm in the Old Library where the proposed housing and infrastructure issue will be discussed again. Anglian Water is opposed to a new housing scheme in West Bergholt as the Sewage Treatment Works cannot cope now, exemplifying the problem of inadequate infrastructure in the City

**083/2025 Speed Indicator Device** – update from Clerk

The new SID has been delivered and will be erected in Hines Close tomorrow and moving existing one to Ford Street.

**084/2025 National Grid** – Dealt with under item 081/2025

**085/2025 Gallows Green Grant Application** – update from Cllr M. Lambert

Not a huge amount of progress, pending information from EWT. The grant application now being submitted in September for works in the autumn

**086/2025 Planning – including any Current Planning Applications requiring a response**

**a) To consider response to Consultation on Proposed Housing Development on Land North of Halstead Road**

It was reported at the last meeting that the Parish Council had been notified that the promoters of land opposite Bullbanks Farm on Halstead Road, adjoining the current Bellway site, were about to carry out a consultation exercise on proposals to submit a planning application for up to 250 new homes. The consultation is being carried out by Pinnacle Planning on behalf of Richborough, who are land promoters rather than developers, acting on behalf of the landowner.

<https://www.richborough.co.uk/>

The site has been identified as a potential site for housing in the City Council's Local Plan Review and was due to be included in the Council's Consultation on its Preferred Options this month. However, the decision to go ahead with the consultation was deferred for up to 9 months because of the lack of certainty about what infrastructure would be required to support the level of housing being proposed across the City and rural areas. Although we have been advised this decision may be reconsidered on 7th May. Given the uncertainty surrounding the Local Plan Review, an early planning application on the site could be regarded as premature, as under the current Adopted Local Plan the site lies outside any area designated for new development.

Although shown by the Council as part of Eight Ash Green the site is wholly within Aldham Parish. The Consultation leaflet is attached and was sent to 900 properties but only about 10 days was allowed for comment and the website sought to restrict responses to a limited range of detailed on-site issues rather than the principle. We have asked which properties in Aldham Parish were consulted and also enquired as to what, if any, response has been made by Eight Ash Green PC. It is understood that to date there have been 29 responses to the consultation.

It is also understood that a Scoping Request has been submitted to the City Council seeking clarification on what information would need to be submitted with any formal planning application. This suggests an early application that would pre-empt progress with the Local Plan on the grounds that the City Council cannot meet the requirement for a 5 year housing land supply.

Cllr M. Lambert proposed that the Parish Council makes the following response to the current consultation:

M.  
Lambert
